TRANSPORTATION

2600 CALIFORNIA TRANSPORTATION COMMISSION

- Approved \$37,000 (special funds) to support the addition of two Commissioners as mandated by AB 1672 (Chapter 717, Statutes of 2007).
- Approved \$100,000 (special funds) to pay for consulting services related to High-Occupancy-Toll (HOT) lanes. Assembly Bill 1467 (Chapter 32, Statutes of 2006) sets out procedures that could result in up to four new HOT lanes in the state.

2640 STATE TRANSIT ASSISTANCE

- Augmented the \$306 million in Public Transportation Account funding proposed by the Governor to \$406 million; *however, the Governor vetoed funding back down to \$306 million.*
- Approved Proposition 1B (Prop 1B) Public Transportation Modernization, Improvement, and Service Enhancement Account (PTMISEA) funding of \$350 million.

Trailer Bill Language (Proposition 1B)

Adopted trailer bill language to implement the PTMISEA Prop 1B program in 2008-09 by using the same distribution formula that was used in 2007-08.

2660 DEPARTMENT OF TRANSPORTATION

- Approved Prop 1B bond funding of \$3.6 billion for the following bond categories that are budgeted directly in the California Department of Transportation (Caltrans) budget (figures include state operations, local assistance, and capital outlay):
 - \$1,555 million for Corridor Mobility Improvement Account (CMIA)
 - \$996 million for the State Transportation Improvement Program (STIP)
 - \$417 million for Trade Corridors Improvement Fund (TCIF)
 - \$214 million for State Highway Protection and Preservation Program (SHOPP)
 - \$200 million for State Local Partnership (SLP)
 - \$64 million for Grade Separation
 - \$103 million for State Route 99
 - \$21 million for Local Bridge Seismic Retrofit
 - \$72 million for Intercity Rail

This funding level ties to what the Administration requested for allocations in 2008-09, with minor adjustments in the areas of administration and engineering support. Other Prop 1B bond appropriations are in the budgets of State Transit Assistance (Transit); the Office of Emergency Services (Security);

Shared Revenue (Local Streets and Roads); and the Air Resources Board (Air Quality and School Bus Retrofit).

Budget Bill Language (Proposition 1B)

1. Added budget bill language stating legislative intent that Proposition 1B funds for Intercity Rail be spent prudently and expeditiously, and requiring Caltrans to report progress no later than January 1, 2009.

Trailer Bill Language (Proposition 1B)

1. Adopted language to implement the State Local Partnership Prop 1B program. Generally, bond funds will be allocated to eligible local or regional transportation agencies in proportion to transportation revenue raised at the local level through voter-approved fees and taxes, with some adjustment for population.
 2. Adopted language to implement the Trade Corridors Improvement Fund program. Codifies the program adopted by the California Transportation Commission and specifies other guidelines.
- Approved full Proposition 42 funding of \$1.43 billion in 2008-09. The budget also includes a \$83 million Prop 42 loan repayment per the requirements of Proposition 1A of 2006.
 - The budget includes \$1.7 billion in GF relief from “spillover” and other transit funds. The spillover revenue is about \$1.4 million of this total and is gasoline sales taxes above Proposition 42 revenue. General Fund relief is achieved by using transit funding for purposes that would otherwise be funded by the GF. Expenditures are as follows:
 - \$857 million to reimburse the GF for transportation-related general obligation bond debt.
 - \$589 million to reimburse the GF for Home-to-Schools transit.
 - \$138 million for regional center transportation budgeted in the Department of Developmental Services.
 - \$83 million to reimburse the GF for the Proposition 42 loan repayment.
- Conforming action includes Control Section 24.85 that implements the Home-to-Schools transit reimbursement, and implementing trailer bill language.
- Shifted a portion of Capital Outlay Support (COS) engineering workload from contractors to state staff for a savings of \$10 million. The final allocation of COS workload is 90 percent state staff and 10 percent contractors. Directed the savings be applied to the State Highway Account (SHA), to the extent possible, so that the SHA would have additional resources for maintenance and State Highway Protection and Preservation Program (SHOPP) work.
 - Approved the use of Clean Renewable Energy Bonds (CREBs) for \$20 million to fund 70 photovoltaic projects on Caltrans building facilities. CREBs are a federal energy program to encourage solar energy. The bonds have a zero-percent interest rate and energy cost savings are expected to be sufficient to fund debt service.

- Approved the use of Grant Anticipation Revenue Vehicle (GARVEE) bond funding of \$141 million to move forward on critical State Highway Operations and Protection Program (SHOPP) projects. GARVEEs are a federal program and the bonds are repaid with future federal funds.
- Approved \$19.6 million (special funds) over three years to implement the Pavement Management Program, which will improve data and forecasting of pavement deficiencies and allow Caltrans to make better investment decisions. Over an 8-year period, cumulative savings from better pavement planning and investments are expected to be \$118 million.
- Approved new appropriations or reappropriations for the following information technology projects (total multi-year cost is indicated): Integrated Financial Management System (\$40.4 million); Construction Management System (\$20.4 million); Project Resourcing and Schedule Management System (\$16.6 million); and Roadway Design Software (\$10.4 million). Rejected new funding for information technology acquisition staff and added Supplemental Report Language related to the discontinued Transportation Permits Management System project.
- Approved \$15.1 million (special funds) to replace and retrofit equipment to conform to air quality mandates.
- Rejected funding of \$1.1 million (special funds) and five positions for the Office of Strategic Planning and Performance Measures – planning and performance measures should be part of any department’s base activities.
- Approved funding of \$2.7 million (special funds) for Americans with Disability Act (ADA) compliance transition plan and complaint resolution / investigation. Rejected \$800,000 for litigation contract costs, because Caltrans should be able to absorb this cost in its \$80.4 million Legal Program budget.
- Approved \$5 million (special funds) for additional litter cleanup along state highways. Rejected \$2 million (special funds) for an anti-litter media campaign.
- Approved \$2.3 million (special funds) for worker safety equipment and added Supplemental Report Language related to the use of the equipment.
- Approved multiple budget requests related to State Personnel Board (SPB) decisions. The SPB found that Caltrans was contracting for services beyond what statute allows. The budget changes reduced contract services and increased state staff by 75.5 positions in the areas of equipment and building maintenance – net budget savings of \$1.7 million (special funds) result.
- Approved the Caltrans public safety radio budget request for \$32.2 million (special funds) over five years to expand the high-band radio system into the three Caltrans districts that still operate with the low-band legacy radio system. The new system would improve radio operability within Caltrans and improve inter-operability with public safety entities such as the California Highway Patrol.
- Approved funding of \$179,000 (special funds) and two new positions to fully implement the federally-mandated Disadvantaged Business Enterprise (DBE) Race-Neutral Measures Program for construction contracting.
- Reduced budget funding by \$7.8 million (special funds) for three pilot projects approved in prior years, but for which statutorily-required reports were overdue at the time of the hearing. These pilot projects were: Owner-Controlled Insurance Program; Virtual Traffic Monitoring Stations; and Corridor System Management Plans.

- Rejected a \$100 million reduction in the State Highway Operations and Protection Program (SHOPP) appropriation that was requested in the May Revision due to declining gasoline excise tax revenue; ***however, the Governor implemented the \$100 million reduction via veto.*** The Legislature believed that to the extent possible, Caltrans should direct savings from legislative budget reductions in other areas, and direct efficiency gains and other internally-produced savings to the SHOPP program so activities could be continued at the higher level.
- Approved new funding of \$21.3 million (special funds) for the increased price of fuel.
- Approved a total funding of \$14.9 million (a \$3.5 million increase) for rail heavy equipment overhall and total funding of \$86.3 million (a \$6.6 million increase) for operating costs related to the three intercity passenger rail services that Caltrans operates in cooperation with Amtrak. These activities are funded from the Public Transportation Account.
- Rejected a Public Transportation Account (PTA) augmentation for University of California research that would increase the funding amount from \$980,000 to \$6.0 million, due to the existing strain on transit revenues.
- Approved funding of \$10 million for the Environmental Enhancement and Mitigation Program.
- Approved funding of \$7.2 million for Bicycle Transportation Account grants.
- Approved authority for the Aeronautics Division to obtain a loan of \$1.2 million to replace the 1969 Beechcraft Bonanza model “E-33” Debonair aircraft with a new aircraft. Caltrans operates two aircraft in support of its mission to inspect general aviation airports and make related safety evaluations.
- Approved Governor’s proposal for \$230.7 million in loans from transportation funds to the GF. Loans were proposed from the State Highway Account (\$200 million); the Bicycle Transportation Account (\$6 million); the Local Airport Loan Account (\$7.5 million); Motor Vehicle Fuel Account (\$8 million); Environmental Enhancement and Mitigation Program Fund (\$4.4 million); Historic Property Maintenance Fund (\$3.0 million); and Pedestrian Safety Account (\$1.8 million).

Trailer Bill Language

1. Approved language to implement the transit funding allocations.
2. Approved language to continue and expand Caltrans’ ability to manage cashflow issues through short-term loans.
3. Approved language to shift federal funds for new Caltrans staff to conform to new federal reporting requirements.

2665 HIGH SPEED RAIL AUTHORITY

- Approved total funding of \$46.4 million for the Authority, but decreased Public Transportation Account funding by \$6.1 million and increased High Speed Rail Bond funding by \$6.1 million. The approved budget includes \$29.1 million from the High Speed Rail Bond, which will only be available for expenditure if voters approve the bond act currently on the November 2008 ballot.
- Deleted proposed budget bill language to earmark \$8.2 million in expenditures for the Sacramento / Fresno segment.

2700 OFFICE OF TRAFFIC SAFETY

- Approved as budgeted – expenditures of \$96.3 million federal funds.

2720 CALIFORNIA HIGHWAY PATROL

- Approved the Governor's request to increase vehicle registration fees by \$11 to bring the Motor Vehicle Account into balance and support the existing and expanding number of California Highway Patrol (CHP) Officers.
- Approved 120 new Officer positions, but shifted the new positions authority to 2009-10 because existing vacancies and constraints on the size of new academy classes will not allow the CHP to fill any of the new positions in 2008-09.
- Rejected funding of \$3.4 million (special funds) and 35 new positions related to the new officer positions or to base deficiencies. These were determined to not be critical given existing officer vacancies and the number of support positions added in the past two years.
- Approved 2008-09 funding of \$103.5 million for the five-year \$500 million public safety radio system approved with the 2006 Budget Act. Reverted \$3.7 million in current year funding, and decreased funding for 2008-09 by \$12.8 million to conform to the revised project plan.
- Shifted funding for tactical alerts from \$10 million in the main CHP item of appropriation to a new emergency "non-add" appropriation also of \$10 million. This action separately schedules this expenditure for improved transparency and also treats it as an "emergency" authority versus a planned expenditure. Tactical alerts involve placing Officers on 12-hour shifts to enhance CHP presence in times of emergency or high security risk.
- Approved various budget requests for new facility leases or construction of new state-owned CHP facilities.

2740 DEPARTMENT OF MOTOR VEHICLES

- Approved the Governor's request to increase vehicle registration fees by \$11 to bring the Motor Vehicle Account into balance and support the existing and expanding number of California Highway Patrol Officers.
- Approved year three funding of \$32.6 million (special funds) for the Department of Motor Vehicles (DMV) Information Technology Modernization project. The DMV reported that the primary vendor contract cost was \$76 million below estimates, resulting in total project costs being revised down to about \$166 million.
- Rejected a funding request for \$6.5 million (federal funds) for Real ID demonstration projects. No federal grants were awarded to DMV at the time of the request, and no legislation has been approved in California to implement Real ID.

- Approved \$3.9 million and 10 positions in 2008-09 and \$17.5 million and 136 positions in 2009-10 to move in-house the information technology solution related to SB 1500 (Chapter 920, Statutes of 2004). This legislation requires each insurer that issues private passenger automobile liability policies to electronically report to the DMV all issued policies, changes, and terminations; and requires DMV to suspend vehicle registrations if insurance is not in force.
- Approved various budget requests for new facility leases or construction of new state-owned DMV facilities.

8530 BOARD OF PILOT COMMISSIONERS FOR THE BAYS OF SAN FRANCISCO, SAN PABLO, AND SUISUN

- Approved \$367,000 and 0.5 positions to support increased legal expenses and conduct a comprehensive review of current practices and processes related to incident review, navigation technology, and pilot fitness. The Board has been in the news recently due to the November 2007 collision of the COSCO BUSAN tanker with a tower of the Bay Bridge, which resulted in an oil spill.

STATE ADMINISTRATION

0502 OFFICE OF THE CHIEF INFORMATION OFFICER

- Approved the Office of the Chief Information Officer budget, including the use of the Administration's Central Services Cost Recovery plan to support agency costs.

0510 SECRETARY FOR STATE AND CONSUMER SERVICES

- Approved a 10-percent GF budget reduction, which was \$191,000 and no reduction to positions after adjustments for central-services funding realignment.

0520 SECRETARY FOR BUSINESS, TRANSPORTATION, AND HOUSING

- Approved a 10-percent GF budget reduction, which totaled \$776,000. The reduction was spread proportionally across several programs as follows: Film Commission \$120,000; Tourism \$110,000; Small Business Loan Guarantee \$481,000; Office of Military and Aerospace Support \$55,000; and Technology, Trade and Commerce Agency closure costs \$10,000.
- Rejected funding of \$162,000 GF and one new position for broadband promotion.
- Rejected funding of \$2 million GF and 0.5 positions for the San Joaquin Valley Partnership.
- Approved funding of \$446,000 (special fund) and 5 new positions for the Infrastructure Bank. These numbers incorporate a legislative reduction of \$219,000 and 2 positions. Approved trailer bill language to improve the existing Infrastructure Bank report requirement.
- Approved a request to transfer dormant housing and childcare-facility special funds back to the General Fund, but directed the Administration to score the related \$2.7 million in revenue. These programs were originally funded with GF appropriations in 1997-98 and 2001-02, but the deteriorating GF condition in 2001-02 led to the discontinuation of the programs.
- Rejected a request for trailer bill language to allow the use of dormant childcare-facility loan guarantee funds for administration of the Small Business Loan Guarantee Program. Instead directed that the dormant funds of approximately \$1 million be transferred back to the GF. Associated trailer bill language maintains the State's commitment to the one outstanding loan guarantee.
- Eliminated the Office of Military and Aerospace Support (formerly the Office of Military Base Retention and Reuse) for GF savings of \$502,000. The primary mission of this Office, when created, was to fight California military base closures in the federal Base Realignment and Closure (BRAC) process. There are currently no new BRAC rounds scheduled and the agency has shifted some of this funding to more general economic development activity. Associated trailer bill language deleted recently-added language that specified the Business Transportation and Housing Agency as the primary state entity for economic

development. The roles of various state agencies in economic development may be further clarified in future policy legislation.

0650 OFFICE OF PLANNING AND RESEARCH

- Approved a \$431,000 GF Budget-Balancing Reduction (BBR) for the State Planning and Policy Development Program, whose major activities include: (1) policy research for the Governor and Cabinet; (2) recommending and implementing state policies with regard to land-use and growth planning, including joint use land planning with the military; (3) providing technical advice to local governments with regard to planning; and (4) advising permit applicants and government agencies on provision of the California Environmental Quality Act (CEQA) and operates the State Clearinghouse for environmental and federal grant documents.
- Approved \$1.0 million for the Count Every Californian Effort aimed at ensuring California is fully and accurately represented in the 2010 census and receives all of the federal funds and Congressional representatives to which it is entitled.
- Denied the proposed \$127,000 GF BBR for the California Volunteer Matching Network (CVMN), and partially denied \$766,000 GF for continuation of the CVMN. Instead, approved three positions and \$346,000 GF.
- Transferred one position and \$107,000 GF from the Governor's Mentoring Partnership in the Department of Alcohol and Drug Programs to the Office of Planning and Research.

Trailer Bill Language

1. Approved language to suspend for two years the annual \$5 million GF appropriation for the Cesar Chavez Grant Program. The program was previously suspended for three years in bad budgetary times beginning in Fiscal Year 2002-03.

0690 OFFICE OF EMERGENCY SERVICES

- Approved \$1.9 million General Fund to backfill Mutual Aid Program reduction proposed in the Governor's budget, keeping the program whole to the 2007-08 funding level. The Governor's budget proposed to backfill the reduction with the Emergency Response Initiative.
- Approved \$1.3 million federal funds, as part the Public Safety Interoperable Communication (PSIC) Grant to double the amount of bandwidth for the Operational Area Satellite Information System (OASIS), a satellite system that provides redundant voice communications in the event that the Public Switched Telephone Network fails. Approved \$209,000 General Fund for the required 20 percent match.
- Approved \$2.2 million federal funds, as part of the PSIC Grant to replace failing or obsolete telecommunications equipment used to respond to, and coordinate in, emergencies. Approved \$546,000 General Fund for the required 20 percent federal match.

- Approved \$4 million federal funds for state operations, related to an increase in the Emergency Management Performance Grant (EMPG). Existing resources will be used for the match.
- Approved \$3.97 million one-time federal funds for emergency preparedness programs, related to an EMPG supplement.
- Approved \$2 million federal funds for one-time local assistance related to an increase in the EMPG.
- Approved the request for \$1.65 million General Fund and 19 permanent positions in the three regional offices, for administrative oversight and coordination of mutual aid, and direct service delivery.
- Approved \$786,000 in 2008-09 and seven permanent positions, as well as \$772,000 in 2009-10 federal funds from an increase in the Mitigation Grant.
- Approved \$19.5 million of ongoing funding for the California Multi-jurisdictional Methamphetamine Enforcement Teams (Cal-MMET) local assistance grants. Made grants competitive.
- Denied the May Revision Letter proposing the creation of the Emergency Response Initiative (ERI). This May Revision proposal was in lieu of the initial Wildland Firefighting Initiative. The ERI would establish a two-tier fee structure on residential and commercial insurance policies based on hazard zone designations, and create an Emergency Response Account administered by the Office of Emergency Services (OES).
- Denied request for \$963,000 General Fund in 2008-09 and \$23.6 million General Fund in 2009-10 for the new Southern California Regional Operation Facility.
- Denied request for \$230,000 General Fund to continue the Alert and Warning system and bring its management in-house.
- Denied \$173,000 General Fund to increase headquarters maintenance baseline and equipment purchases. Approved \$25,000 General Fund for a dedicated A/C unit in the IT server room.
- Denied request for \$1.1 million from the Victim/Witness Assistance Fund to permanently continue the Parole Revocation Victim Advocacy Program.
- Denied request for \$1 million ongoing from the Restitution Fund for a local assistance grant program focused on the investigation and prosecution of Internet crimes against children.
- Approved \$960,000 General Fund to expand the Office of Gang and Youth Violence Policy (OGYVP). OGYVP would be responsible for identifying and evaluating state, local, and federal gang and youth violence suppression, intervention, and prevention programs and strategies.
- Approved \$57 million in Proposition 1B funds to provide grants to assist ports in preparing for, responding to, and protecting against acts of terrorism. In addition, for purposes of clarity, budget language was adopted to insure funding is allocated in a manner consistent with Chapter 181, Statutes of 2007 (SB 88). Governor deleted the budget language.

- Approved \$100 million in Proposition 1B funds to provide grants to assist transit operators, as specified, for security and disaster response, and in preparing for, responding to, and protecting against acts of terrorism. In addition, for purposes of clarity, budget language was adopted to insure funding is allocated in a manner consistent with Chapter 181, Statutes of 2007 (SB 88). Governor deleted the budget language.

0840 STATE CONTROLLER

- Accepted the Governor's revised \$1.1 million GF Budget-Balancing Reduction. The savings will be achieved by reducing expenditures for Operating Expenses and Equipment.
- Reduced, by \$7.9 million GF, the Governor's request to fund the sixth year of the Human Resources Management System (HRMS)/21st Century Project. Based on a revised project plan, the HRMS is now anticipated to require an additional year and \$40 million (\$21.3 GF) to complete. Under the new plan, costs originally scheduled for Fiscal Year (FY) 2008-09 will not be incurred until the out years. Therefore, the Senate approved a final funding level of \$30.4 million (including \$10.9 GF). Additionally, the Senate approved \$969,000 GF to reimburse unallowable HRMS costs that were charged to the federal government in FYs 2005-06 and 2006-07. The state may only receive reimbursement for those costs after the system is fully operational.
- Approved conversion of GF appropriations for Unclaimed Property Program (UCP) functions to Unclaimed Property Fund (UPF) appropriations. If unclaimed by the rightful owner, monies in the UPF are ultimately revenue to the GF. Therefore, this conversion neither helps nor harms the state's bottom line, but will serve to "insulate" the UCP from any future GF reductions.
- Approved 4.5 two-year limited-term positions and \$444,000 GF to support the maintenance and operations of the Local Government E-Claims system.
- Approved a total of 19 positions and \$2.3 million (reimbursements from various funds) for the State Controller's Office (SCO) to conduct audits of: (1) the California Department of Transportation's expenditure of Proposition 1B funds and (2) the local trust accounts of various California State University campuses.
- Approved \$300,000 GF for three positions to ensure the accuracy of redevelopment agency pass-through payment calculations estimated to benefit the GF by approximately \$98 million in the budget year.

0845 DEPARTMENT OF INSURANCE

- Denied the Governor's proposed Trailer Bill Language to create a Firefighting Safety Account within the Insurance Fund and to require the California Department of Insurance (CDI) to impose on insurers an annual assessment of 1.25 percent of the premium for each commercial and residential insurance policy.
- Approved a one-time increase of \$4 million (Insurance Fund) to assist district attorneys in combating workers' compensation fraud. The increase is fully funded by an additional assessment on insurers.
- Approved five positions and \$475,000 (Insurance Fund) to address workload stemming from revised automobile rating regulations associated with Proposition 103.

- Denied proposed Trailer Bill Language to delete the January 1, 2010, sunset of the Life and Annuity Consumer Protection Program. The request was deemed premature because it was supported by only one year of data on the program.
- Approved a Finance Letter request of \$2.8 million (Insurance Fund) to support the first year of a three-year procurement of an enterprise electronic management “paperless” workflow system.
- Approved \$137,000 (Insurance Fund) to extend the term of three limited-term positions for the Telecommunications Infrastructure Replacement Project. This extension will allow ample time to collect empirical data to determine the ongoing resources required to support the Voice Over Internet Protocol/Call Center systems.

Trailer Bill Language

1. Adopted language requiring the department to provide a full accounting to the Legislature of the activities of the Conservation and Liquidation Office.

0850 STATE LOTTERY COMMISSION

- Approved trailer bill language to modernize the Lottery and securitize future revenues in order to provide debt relief beginning in the 2009-10 fiscal year, contingent upon voter approval at a future statewide election. The plan contains the following key points:
 - Generates an estimated \$6 billion in 2009-10 and \$5 billion in 2010-11 (but is not expected to provide any budget relief in 2008-09).
 - Deposits proceeds from the securitization into a new Debt Retirement Fund, and could be used for repaying budgetary borrowing (like transportation, education, and local government debts), and bonded indebtedness.
 - Provides only modest changes to the lottery, such as increasing prize payouts, but proposes no new games or technology.
 - Protects education from experiencing any financial loss.

0860 STATE BOARD OF EQUALIZATION

- Approved various “tax-gap” proposals that will result in a net revenue gain of \$53.4 million to the General Fund and a net revenue gain of \$56.4 million to special funds. The revenue gain for these proposals also grows in 2009-10. Included in these proposals are the following:
 - Statewide Compliance and Outreach – approved an augmentation of \$11.6 million (\$7.5 million GF) and 112 positions to identify and register non-compliant sellers. A revenue gain of \$60.2 million (\$37.9 million GF) results.
 - Various Tax-Gap Measures – approved an augmentation of \$13.9 million (\$8.8 million GF) and 134.5 positions to collect more taxes that are due but not paid. A revenue gain of \$43.0 million (\$27.7 million GF) results. Rejected two research positions and \$232,000 related to this request.

- Cigarette and Tobacco Programs - approved an augmentation of \$3 million (\$238,000 GF) and 33 positions for enhanced enforcement and compliance activities for cigarette and tobacco product tax programs. A revenue gain of \$30.1 million (\$1.5 million GF) results.
 - Agricultural Inspection Station Program - approved an augmentation of \$1.4 million (\$800,000 GF) and 16 positions for enhanced enforcement and compliance activities at inspection stations located at the state's borders. A revenue gain of \$6.4 million (\$3.6 million GF) results.
- Approved \$4.7 million (\$1.7 million GF), and three positions to expand electronic filing options. This is a multi-year proposal and the six-year cost is expected to be \$16.5 million with a six-year revenue benefit of \$27.6 million.
- Reduced funding by \$1.4 million GF to reflect anticipated efficiency savings from electronic filing initiatives. Reduced funding by \$660,000 GF to reflect an anticipated one-month delay in hiring new staff.

0890 SECRETARY OF STATE

- Approved and allocated the Governor's proposed \$3.5 million GF Budget-Balancing Reduction by reducing printing and mailing costs associated with the Voter Information Guide (see trailer bill language below).
- Approved \$42.3 million (federal funds) under the revised spending plan for the Help America Vote Act (HAVA). Additionally, consistent with the HAVA plan, approved 10 positions and \$38.8 million federal funds to replace the existing CalVoter statewide voter database with a more centralized and technologically advanced VoteCal database. The new system is currently anticipated to be deployed in December 2009.
- Subject to Budget Bill Language and Trailer Bill Language (see below), approved a Finance Letter request for \$89.6 million GF to fund the counties' costs to conduct the early presidential primary required under Chapter 2, Statutes of 2007 (SB 113).
- Approved \$101,000 GF to carry out parallel monitoring of direct recording electronic voting systems (consistent with Chapter 501, Statutes of 2007—SB 917).
- Approved one position and \$92,000 GF for archival planning and management of California Supreme Court and Appellate Court records.
- Denied \$167,000 GF for voter registration costs associated with implementation of Chapter 481, Statutes of 2007 (SB 854). Without prejudice to previous legislative intent, this proposal did not rise to the level of priority necessary to receive new funding given current fiscal constraints. The department was encouraged to resubmit the request in the future under improved fiscal conditions.
